

Bethlehem Lutheran School
Physical Education: Second Grade

The physical education program is designed to be an integral important part of the educational system of Bethlehem Lutheran School. Through physical education a child learns to think correctly about his body realizing that it is the *“temple of the Holy Spirit”* to be known, appreciated, and properly treated. The student should display positive attitudes toward God, himself, and others as he participates in physical activity. As a part of the total school curriculum, physical education offers an organized, sequential progression of activities which provide for the social, physical, intellectual, emotional, and spiritual development of children and youth, teaching values and attitudes that will be of benefit for a lifetime.
